ANNEX I
DESCRIPTION OF THE ACTION

Project ref.: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

Title: "SAVE – Support Actions for Vulnerability emergence: Interventions in hotspots for identifying vulnerable migrants and for age assessment of minors in dubious cases through a multidisciplinary approach"

I. Summary of the action

The deep political crisis in some African countries and in the Middle East is still ongoing, and the migratory pressure from North-Africa towards Europe, in particular towards the Italian coasts, has been high in the past, and it is not possible to foresee the relevant developments in the next months.

The phenomenon is unprecedented and is growing steadily: in 2015, 153,842 migrants reached the Italian coasts, including 12,360 minors; in 2016, there were 181,436 arrivals, including 25,846 minors, while from January to September 30 2017, there were 105,210 arrivals, including 13,418 minors.

In comparison with the last year trend, the trend of arrivals by sea has been higher in the first 6 months of 2017 (70,222 arrivals until June 30th, 2016 and 83,360 arrivals until June 30th, 2017, with a 18% growth rate between June 2016 and June 2017). As well-known, arrivals by the sea in Italy have been considerably decreased from mid-July up to now (11,459 in July, 3,914 in August, 6,288 in September); nevertheless, since the geo-political critical situation in the origin and transit countries is still persisting, such decrease doesn't imply that the migratory crisis can be deemed as avoided. In spite of the current decrease in disembarkations, the vulnerable cases are becoming more and more relevant, both on the grounds of the number of persons concerned and in relation to the specific vulnerability of the migrants reaching the Italian coasts. In most cases, migrants reach the European coasts after exhausting journeys, which jeopardize their psychophysical health, escaping from war, persecution and exploitation. These persons require prompt specific measures of protection and assistance, and therefore, it becomes necessary to strengthen – in terms of prompt action and professional expertise – the activities of early identification of the vulnerabilities with the purpose of the subsequent inclusion into appropriate reception paths. Priority has to be given to the early identification of vulnerabilities immediately after disembarkation and, in particular, during the short stay in the hotspots which have been activated in line with the European strategy of management of the migratory flows.

Moreover, by analyzing entry flows and in relation to vulnerable individuals, during the last years there has been an increase in arrivals of persons whose minor age is not certain. In addition to ensuring a psycho-social support for minors reaching our coasts (as it is experimented in the PUERI project, funded through the AMIF- Urgent Measures), it is necessary to develop actions aiming at assessing the migrant's minor age in case of reasonable doubt. As a matter of fact, it often happens that persons, who have just reached adult age, state to be minor with the purpose of benefitting from more protection and access to services, while, vice-versa, minors state to be older and have reached adult age (for example, because they are induced by mechanisms linked to the trafficking of human beings). The issue of the correct social-sanitary age assessment in the cases of doubt is crucial in the protection system of

Agreement number: Agreement number: HOME/2017/ISF/AG/EMAS/0064

foreign unaccompanied minors, since it is strictly functional to the application without delay of the protection measures, specifically provided for in relation to this category of vulnerable persons. In this framework it seems to be important to activate multidisciplinary teams for age assessment, as provided for by the Act Nr. 47 dd. 7/4/2017, Official Journal 21/4/2017, containing "Provisions concerning the protection measures for foreign unaccompanied minors", also in the framework of first reception such as the hotspot facilities, where the staff of the National Health System is not always available. Moreover, in all the reception phases, attention has to be focused on the early identification of vulnerabilities, with particular reference to those included in the "Guidelines concerning the actions for assistance, rehabilitation and treatment of the mental disorders of refugees and of the persons who were subject to torture, rape or other serious forms of psychological, physical or sexual violence, including possible programs of specific professional training addressed to the healthcare staff," issued by the Ministry of Health with M.D. dd. April 3rd 2017, in implementation of Article 27 par.1 bis of the Legislative Decree Nr. 18/2014 and published on the Official Journal (General Series Nr. 95 dd. 24/4/2017).

In consideration of the abovementioned circumstances, the Ministry of Interior has to face an emergency situation according to Art. 2, subpar. f) of the Regulation (EU) Nr. 515/2014 (Reg. ISF).

2. General objective (expected impact) and response to the emergency situation

The general objective of the measure lies in strengthening the first assistance systems' capacity of identifying, and inserting into appropriate paths, the migrants with particular vulnerabilities (such as minors, victims of trafficking, torture, violence). This has to be accompanied by the determination of the minor age of the foreign unaccompanied minors in the cases of doubt, who arrive in both active and soon to be operational hotspot facilities. The implementation of the actions provided for by the measure will enable the following in the mid-term:

- definition of uniform procedures to recognize the vulnerable cases and to ascertain the age of foreign unaccompanied minors, in the cases of reasonable doubt;
 - strengthening of the capacities of the first assistance staff in the ascertainment of the vulnerabilities;
 - appropriate insertion of minors into the reception facilities devoted to them through the multidisciplinary ascertainment of the minor age in case of reasonable doubt;
 - standardization of the IT instruments for the registration of the health and social data of migrants in order to ensure the most appropriate insertion into the reception facilities after the hotspot as well as the continuity of the treatments provided by the National Health Service in the following steps of the reception process.
 - strengthening and coordination of the local network as well as of the stakeholders acting near the disembarkation places (Local Health Authorities (ASL), Prefectures, local bodies, bodies managing the reception centers, operators of the disembarkation phases).
- Project actions are aimed at setting up an operational network that already intervenes during the first phase of assisting migrants in order to identify early on their vulnerabilities. Through the networking of hotspots and other reception centers, ASP/ASL and health services, Prefectures and social services of municipalities, and the coordination of operating tables activated by Area Managers, along with the sharing of information, the uptake of vulnerable cases will be guaranteed, seeking continuity solutions in application of active inclusion measures foreseen by local programming.

The most evident risk is the inability to predict the timing of landings and the amount of migrants involved. In order to ensure that the main actions proposed are nevertheless carried

out, a system will be established, which includes the project's supervisory teams who will be able to intervene responding to needs, and which foresees the strengthening of the territorial operational network, which includes Prefectures, reception centers, social and health services, involving local communities.
During the start-up phase, the project partners will prepare the Operational Plan for the various SUBACTIONS, including the programming of activities and their outputs.
The monitoring procedures will accompany the project phases throughout the entire implementation path: specific reporting and monitoring tools will be set up for the individual subactions, which will also make possible the surfacing of any bottleneck and deviation from the initial planning, along with the identification and implementation of corrective measures.

II.12.5 Amendments shall enter into force on the date on which the last party signs or on the date of approval of the request for amendment.

Amendments shall take effect on a date agreed by the parties or, in the absence of such an agreed date, on the date on which the amendment enters into force.

ARTICLE II.13 - ASSIGNMENT OF CLAIMS FOR PAYMENTS TO THIRD PARTIES

II.13.1 Claims for payments of the beneficiaries against the Commission may not be assigned to third parties, except in duly justified cases where the situation warrants it.

The assignment shall only be enforceable against the Commission if it has accepted the assignment on the basis of a written and reasoned request to that effect made by the coordinator on behalf of the beneficiaries. In the absence of such acceptance, or in the event of failure to observe the terms thereof, the assignment shall have no effect on the Commission.

II.13.2 In no circumstances shall such an assignment release the beneficiaries from their obligations towards the Commission.

ARTICLE II.14 - FORCE MAJEURE

II.14.1 "Force majeure" shall mean any unforeseeable exceptional situation or event beyond the parties' control, which prevents either of them from fulfilling any of their obligations under the Agreement, which was not attributable to error or negligence on their part or on the part of subcontractors, affiliated entities or third parties involved in the implementation and which proves to be inevitable in spite of exercising all due diligence. Any default of a service, defect in equipment or material or delays in making them available, unless they stem directly from a relevant case of force majeure, as well as labour disputes, strikes or financial difficulties cannot be invoked as *force majeure*.

II.14.2 A party faced with *force majeure* shall formally notify the other party without delay, stating the nature, likely duration and foreseeable effects.

II.14.3 The parties shall take the necessary measures to limit any damage due to *force majeure*. They shall do their best to resume the implementation of the action as soon as possible.

II.14.4 The party faced with *force majeure* shall not be held to be in breach of its obligations under the Agreement if it has been prevented from fulfilling them by *force majeure*.

ARTICLE II.15 – SUSPENSION OF THE IMPLEMENTATION OF THE ACTION

II.15.1 Suspension of the implementation by the beneficiaries

The coordinator, on behalf of the beneficiaries, may suspend the implementation of the action or any part thereof, if exceptional circumstances make such implementation impossible or excessively difficult, in particular in the event of *force majeure*. The coordinator shall inform the Commission without delay, giving all the necessary reasons and details and the foreseeable date of resumption.

Unless the Agreement or the participation of a beneficiary is terminated in accordance with Articles II.16.1, II.16.2 or points (c) or (d) of Article II.16.3.1, the coordinator shall, once the circumstances allow resuming the implementation of the action, inform the Commission immediately and present a request for amendment of the Agreement as provided for in Article II.15.3.

II.15.2 Suspension of the implementation by the Commission

II.15.2.1 The Commission may suspend the implementation of the action or any part thereof:

- (a) if the Commission has evidence that a beneficiary has committed substantial errors, irregularities or fraud in the award procedure or in the implementation of the Agreement or if a beneficiary fails to comply with its obligations under the Agreement;
- (b) if the Commission has evidence that a beneficiary has committed systemic or recurrent errors, irregularities, fraud or breach of obligations under other grants funded by the Union or the European Atomic Energy Community which were awarded to that beneficiary under similar conditions, provided that those errors, irregularities, fraud or breach of obligations have a material impact on this grant; or
- (c) if the Commission suspects substantial errors, irregularities, fraud or breach of obligations committed by a beneficiary in the award procedure or in the implementation of the Agreement and needs to verify whether they have actually occurred.

II.15.2.2 Before suspending the implementation the Commission shall formally notify the coordinator of its intention to suspend, specifying the reasons thereof, and, in the cases referred to in points (a) and (b) of Article II.15.2.1, the necessary conditions for resuming the implementation. The coordinator shall be invited to submit observations on behalf of all beneficiaries within 30 calendar days from receipt of this notification.

If, after examination of the observations submitted by the coordinator, the Commission decides to stop the suspension procedure, it shall formally notify the coordinator thereof.

12

Agreement number: Agreement number HOME/2017/ISFB/AG/EMAS/0064

If no observations have been submitted or if, despite the observations submitted by the coordinator, the Commission decides to pursue the suspension procedure, it may suspend the implementation by formally notifying the coordinator thereof, specifying the reasons for the suspension and, in the cases referred to in points (a) and (b) of Article II.15.2.1, the definitive conditions for resuming the implementation or, in the case referred to in point (c) of Article II.15.2.1, the indicative date of completion of the necessary verification.

The coordinator shall inform the other beneficiaries immediately. The suspension shall take effect five calendar days after the receipt of the notification by the coordinator or on a later date, where the notification so provides.

In order to resume the implementation, the beneficiaries shall endeavour to meet the notified conditions as soon as possible and shall inform the Commission of any progress made in this respect.

Unless the Agreement or the participation of a beneficiary is terminated in accordance with Articles II.16.1, II.16.2 or points (c), (i) or (j) of Article II.16.3.1, the Commission shall, as soon as it considers that the conditions for resuming the implementation have been met or the necessary verification, including on-the-spot checks, has been carried out, formally notify the coordinator thereof and invite the coordinator to present a request for amendment of the Agreement as provided for in Article II.15.3.

II.15.3 Effects of the suspension

If the implementation of the action can be resumed and the Agreement is not terminated, an amendment to the Agreement shall be made in accordance with Article II.12 in order to establish the date on which the action shall be resumed, to extend the duration of the action and to make any other modifications that may be necessary to adapt the action to the new implementing conditions.

The suspension is deemed lifted as from the date of resumption of the action agreed by the parties in accordance with the first subparagraph. Such a date may be before the date on which the amendment enters into force.

Any costs incurred by the beneficiaries, during the period of suspension, for the implementation of the suspended action or the suspended part thereof, shall not be reimbursed or covered by the grant.

The right of the Commission to suspend the implementation is without prejudice to its right to terminate the Agreement or the participation of a beneficiary in accordance with Article II.16.3 and its right to reduce the grant or recover amounts unduly paid in accordance with Articles II.25.4 and II.26.

Neither party shall be entitled to claim compensation on account of a suspension by the other party.

ARTICLE II.16 – TERMINATION OF THE AGREEMENT

II.16.1 Termination of the Agreement by the coordinator

In duly justified cases, the coordinator, on behalf of all beneficiaries, may terminate the Agreement by formally notifying the Commission thereof, stating clearly the reasons and specifying the date on which the termination shall take effect. The notification shall be sent before the termination is due to take effect.

If no reasons are given or if the Commission considers that the reasons exposed cannot justify the termination, it shall formally notify the coordinator, specifying the grounds thereof, and the Agreement shall be deemed to have been terminated improperly, with the consequences set out in the fourth subparagraph of Article II.16.4.

II.16.2 Termination of the participation of one or more beneficiaries by the coordinator

In duly justified cases, the participation of any one or several beneficiaries in the Agreement may be terminated by the coordinator, acting on request of that beneficiary or those beneficiaries, or on behalf of all the other beneficiaries. When notifying such termination to the Commission, the coordinator shall include the reasons for the termination of the participation, the opinion of the beneficiary or beneficiaries the participation of which is terminated, the date on which the termination shall take effect and the proposal of the remaining beneficiaries relating to the reallocation of the tasks of that beneficiary or those beneficiaries or, where relevant, to the nomination of one or more replacements which shall succeed that beneficiary or those beneficiaries in all their rights and obligations under the Agreement. The notification shall be sent before the termination is due to take effect.

If no reasons are given or if the Commission considers that the reasons exposed cannot justify the termination, it shall formally notify the coordinator, specifying the grounds thereof, and the participation shall be deemed to have been terminated improperly, with the consequences set out in the fourth subparagraph of Article II.16.4.

Without prejudice to Article II.12.2, an amendment to the Agreement shall be made, in order to introduce the necessary modifications.

II.16.3 Termination of the Agreement or the participation of one or more beneficiaries by the Commission

II.16.3.1 The Commission may decide to terminate the Agreement or the participation of any one or several beneficiaries participating in the action, in the following circumstances:

- (a) if a change to the beneficiary's legal, financial, technical, organisational or ownership situation is likely to affect the implementation of the Agreement substantially or calls into question the decision to award the grant;
- (b) if, following the termination of the participation of any one or several beneficiaries, the necessary modifications to the Agreement would call into

question the decision awarding the grant or would result in unequal treatment of applicants:

- (c) if the beneficiaries do not implement the action as specified in Annex I or if a beneficiary fails to comply with another substantial obligation incumbent on it under the terms of the Agreement;
- (d) in the event of *force majeure*, notified in accordance with Article II.14, or in the event of suspension by the coordinator as a result of exceptional circumstances, notified in accordance with Article II.15, where resuming the implementation is impossible or where the necessary modifications to the Agreement would call into question the decision awarding the grant or would result in unequal treatment of applicants;
- (e) if a beneficiary is declared bankrupt, is being wound up, is having its affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of any other similar proceedings concerning those matters, or is in an analogous situation arising from a similar procedure provided for in national legislation or regulations;
- (f) if a beneficiary or any related person, as defined in the second subparagraph, have been found guilty of professional misconduct proven by any means;
- (g) if a beneficiary is not in compliance with its obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which it is established or in which the action is implemented;
- (h) if the Commission has evidence that a beneficiary or any related person, as defined in the second subparagraph, have committed fraud, corruption, or are involved in a criminal organisation, money laundering or any other illegal activity detrimental to the Union's financial interests;
- (i) if the Commission has evidence that a beneficiary or any related person, as defined in the second subparagraph, have committed substantial errors, irregularities or fraud in the award procedure or in the implementation of the Agreement, including in the event of submission of false information or failure to submit required information in order to obtain the grant provided for in the Agreement; or
- (j) if the Commission has evidence that a beneficiary has committed systemic or recurrent errors, irregularities, fraud or breach of obligations under other grants funded by the Union or the European Atomic Energy Community which were awarded to that beneficiary under similar conditions, provided that those errors, irregularities, fraud or breach of obligations have a material impact on this grant.

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

For the purposes of points (f), (h) and (i), "any related person" shall mean any natural person which has the power to represent the beneficiary or to take decisions on its behalf.

II.16.3.2 Before terminating the Agreement or the participation of any one or several beneficiaries, the Commission shall formally notify the coordinator of its intention to terminate, specifying the reasons thereof and inviting the coordinator, within 45 calendar days from receipt of the notification, to submit observations on behalf of all beneficiaries and, in the case of point (c) of Article II.16.3.1, to inform the Commission about the measures taken to ensure that the beneficiaries continue to fulfil their obligations under the Agreement.

If, after examination of the observations submitted by the coordinator, the Commission decides to stop the termination procedure, it shall formally notify the coordinator thereof.

If no observations have been submitted or if, despite the observations submitted by the coordinator, the Commission decides to pursue the termination procedure, it may terminate the Agreement or the participation of any one or several beneficiaries by formally notifying the coordinator thereof, specifying the reasons for the termination.

In the cases referred to in points (a), (b), (c), (e) and (g) of Article II.16.3.1, the formal notification shall specify the date on which the termination takes effect. In the cases referred to in points (d), (f), (h), (i) and (j) of Article II.16.3.1, the termination shall take effect on the day following the date on which the formal notification was received by the coordinator.

II.16.4 Effects of termination

Where the Agreement is terminated, payments by the Commission shall be limited to the amount determined in accordance with Article II.25 on the basis of the eligible costs incurred by the beneficiaries and the actual level of implementation of the action on the date when the termination takes effect. Costs relating to current commitments, which are not due for execution until after the termination, shall not be taken into account. The coordinator shall have 60 days from the date when the termination of the Agreement takes effect, as provided for in Articles II.16.1 and II.16.3.2, to produce a request for payment of the balance in accordance with Article II.23.2. If no request for payment of the balance is received within this time limit, the Commission shall not reimburse or cover any costs which are not included in a financial statement approved by it or which are not justified in a technical report approved by it. In accordance with Article II.26, the Commission shall recover any amount already paid, if its use is not substantiated by the technical reports and, where applicable, by the financial statements approved by the Commission.

Where the participation of a beneficiary is terminated, the beneficiary concerned shall submit to the coordinator a technical report and, where applicable, a financial statement covering the period from the beginning of the last reporting period according to Article I.4 for which a report has been submitted to the Commission to the date on which the termination takes effect. The technical report and the financial statement shall be submitted in due time to allow

16

the coordinator to draw up the corresponding payment request. Only those costs incurred by the beneficiary concerned up to the date when termination of its participation takes effect shall be reimbursed or covered by the grant. Costs relating to current commitments, which were not due for execution until after the termination, shall not be taken into account. The request for payment for the beneficiary concerned shall be included in the next payment request submitted by the coordinator in accordance with the schedule laid down in Article I.4.

Where the Commission, in accordance with point (e) of Article II.16.3.1, is terminating the Agreement on the grounds that the coordinator has failed to produce the request for payment and, after a reminder, has still not complied with this obligation within the deadline set out in Article II.23.3, the first subparagraph shall apply, subject to the following:

- (a) there shall be no additional time period from the date when the termination of the Agreement takes effect for the coordinator to produce a request for payment of the balance in accordance with Article II.23.2; and
- (b) the Commission shall not reimburse or cover any costs incurred by the beneficiaries up to the date of termination or up to the end of the period set out in Article I.2.2, whichever is the earlier, which are not included in a financial statement approved by it or which are not justified in a technical report approved by it.

In addition to the first, second and third subparagraphs, where the Agreement or the participation of a beneficiary is terminated improperly by the coordinator within the meaning of Articles II.16.1 and II.16.2, or where the Agreement or the participation of a beneficiary is terminated by the Commission on the grounds set out in points (c), (f), (h), (i) and (j) of Article II.16.3.1, the Commission may also reduce the grant or recover amounts unduly paid in accordance with Articles II.25.4 and II.26, in proportion to the gravity of the failings in question and after allowing the coordinator, and, where relevant, the beneficiaries concerned, to submit their observations.

Neither party shall be entitled to claim compensation on account of a termination by the other party.

ARTICLE II.17 – ADMINISTRATIVE AND FINANCIAL PENALTIES

II.17.1 By virtue of Articles 109 and 131(4) Regulation (EU, EURATOM) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union and with due regard to the principle of proportionality, a beneficiary which has committed substantial errors, irregularities or fraud, has made false declarations in supplying required information or has failed to supply such information at the moment of the submission of the application or during the implementation of the grant, or has been found in serious breach of its obligations under the Agreement shall be liable to:

- (a) administrative penalties consisting of exclusion from all contracts and grants financed by the Union budget for a maximum of five years from the date on which the infringement is established and confirmed following a contradictory procedure with the beneficiary; and/or

- (b) financial penalties of 2% to 10% of the value of the contribution the beneficiary concerned is entitled to in accordance with the estimated budget set out in Annex III.

In the event of another infringement within five years following the establishment of the first infringement, the period of exclusion under point (a) may be extended to 10 years and the range of the rate referred to in point (b) may be increased to 4% to 20%.

- II.17.2** The Commission shall formally notify the beneficiary concerned of any decision to apply such penalties.

The Commission is entitled to publish such decision under the conditions and within the limits specified in Article 109(3) of Regulation (EU, EURATOM) No 966/2012.

An action may be brought against such decision before the General Court of the European Union, pursuant to Article 263 Treaty on the Functioning of the European Union ("TFEU").

ARTICLE II.18 - APPLICABLE LAW, SETTLEMENT OF DISPUTES AND ENFORCEABLE DECISION

- II.18.2** Pursuant to Article 272 TFEU, the General Court or, on appeal, the Court of Justice of the European Union, shall have sole jurisdiction to hear any dispute between the Union and any beneficiary concerning the interpretation, application or validity of this Agreement, if such dispute cannot be settled amicably.

- II.18.3** By virtue of Article 299 TFEU, for the purposes of recoveries within the meaning of Articles II.26 or financial penalties, the Commission may adopt an enforceable decision to impose pecuniary obligations on persons other than States. - (f) they are reasonable, justified, and comply with the principle of sound financial management, in particular regarding economy and efficiency.

To be eligible, indirect costs shall represent a fair apportionment of the overall overheads of the beneficiary and shall comply with the conditions of eligibility set out in Article II.19.1.

Unless otherwise specified in the Article I.3, eligible indirect costs shall be declared on the basis of a flat rate of 7% of the total eligible direct costs.

II.20.1 Reimbursement of actual costs

Where, in accordance with Article I.3(a)(i), the grant takes the form of the reimbursement of actual costs, the beneficiary must declare as eligible costs the costs it actually incurred for the action.

If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the costs declared, such as contracts, invoices and accounting records. In addition, the beneficiary's usual accounting and internal control procedures must permit direct reconciliation of the amounts declared with the amounts recorded in its accounting statements as well as with the amounts indicated in the supporting documents.

II.20.2 Reimbursement of pre-determined unit costs or pre-determined unit contribution

Where, in accordance with Article I.3(a)(ii) or (b), the grant takes the form of the reimbursement of unit costs or of a unit contribution, the beneficiary must declare as eligible costs or as requested contribution the amount obtained by multiplying the amount per unit specified in Article I.3(a)(ii) or (b) by the actual number of units used or produced.

If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the number of units declared. II.20.4 Reimbursement of pre-determined flat-rate costs or pre-determined flat-rate contribution

Where, in accordance with Article 1.3(a)(iv) or (d), the grant takes the form of the reimbursement of flat-rate costs or of a flat-rate contribution, the beneficiary must declare as eligible costs or as requested contribution the amount obtained by applying the flat rate specified in Article 1.3(a)(iv) or (d).

If requested to do so in the context of the checks or audits described in Article 11.27, the beneficiary must be able to provide adequate supporting documents to prove the eligible costs or requested contribution to which the flat rate applies. However, the beneficiary does not need to identify the actual eligible costs covered or to provide supporting documents, notably accounting statements, for the flat rate applied.

II.20.5 Reimbursement of costs declared on the basis of the beneficiary's usual cost accounting practices

Where, in accordance with Article 1.3(a)(v), the grant takes the form of the reimbursement of unit costs declared on the basis of the beneficiary's usual cost accounting practices, the beneficiary must declare as eligible costs the amount obtained by multiplying the amount per unit calculated in accordance with its usual cost accounting practices by the actual number of units used or produced. If requested to do so in the context of the checks or audits described in Article 11.27, the beneficiary must be able to provide adequate supporting documents to prove the number of units declared.

Where, in accordance with Article 1.3(a)(v), the grant takes the form of the reimbursement of lump sum costs declared on the basis of the beneficiary's usual cost accounting practices, the beneficiary must declare as eligible costs the global amount calculated in accordance with its usual cost accounting practices, subject to the proper implementation of the corresponding tasks or part of the action. If requested to do so in the context of the checks or audits described in Article 11.27, the beneficiary must be able to provide adequate supporting documents to prove the proper implementation.

Where, in accordance with Article 1.3(a)(v), the grant takes the form of the reimbursement of flat-rate costs declared on the basis of the beneficiary's usual cost accounting practices, the beneficiary must declare as eligible costs the amount obtained by applying the flat rate calculated in accordance with its usual cost accounting practices. If requested to do so in the context of the checks or audits described in Article 11.27, the beneficiary must be able to provide adequate supporting documents to prove the eligible costs to which the flat rate applies.

- (b) the costs declared can be directly reconciled with the amounts recorded in its general accounts; and
- (c) the categories of costs used for the purpose of determining the costs declared are exclusive of any ineligible cost or costs covered by other forms of grant in accordance with Article I.3.

Where the Special Conditions provide for the possibility for the beneficiary to request the Commission to assess the compliance of its usual cost accounting practices, the beneficiary may submit a request for assessment, which, where required by the Special Conditions, shall be accompanied by a certificate on the compliance of the cost accounting practices ("certificate on the compliance of the cost accounting practices").

The certificate on the compliance of the cost accounting practices shall be produced by an approved auditor or, in case of public bodies, by a competent and independent public officer and drawn up in accordance with the Annex IX.

The certificate shall certify that the beneficiary's cost accounting practices used for the purpose of declaring eligible costs comply with the conditions laid down in the fourth subparagraph and with the additional conditions which may be laid down in the Special Conditions.

Where the Commission has confirmed that the usual cost accounting practices of the beneficiary are in compliance, costs declared in application of these practices shall not be challenged *ex post*, provided that the practices actually used comply with those approved by the Commission and that the beneficiary did not conceal any information for the purpose of their approval.

ARTICLE II.21 – ELIGIBILITY OF COSTS OF ENTITIES AFFILIATED TO THE BENEFICIARIES

Where the Special Conditions contain a provision on entities affiliated to the beneficiaries, costs incurred by such an entity are eligible, provided that they satisfy the same conditions under Articles II.19 and II.20 as apply to the beneficiary, and that the beneficiary the entity is affiliated to ensures that the conditions applicable to him under Articles II.3, II.4, II.5, II.7, II.9, II.10 and II.27 are also applicable to the entity.

ARTICLE II.22 – BUDGET TRANSFERS

Without prejudice to Article II.10 and provided that the action is implemented as described in Annex I, beneficiaries are allowed to adjust the estimated budget set out in Annex III by transfers between themselves and between the different budget categories, without this

adjustment being considered as an amendment of the Agreement within the meaning of Article II.12.

By way of derogation from the first subparagraph, should beneficiaries want to modify the value of the contribution that each of them is entitled to as referred to in point (b) of Article II.17.1 and point (c) of II.26.3, the coordinator shall request an amendment in accordance to Article II.12.

The first two subparagraphs do not apply to amounts which, in accordance with Article I.3(a)(iii) or (c), take the form of lump sums.

II.23.1 Requests for further pre-financing payments and supporting documents

Where, in accordance with Article I.4.1, the pre-financing shall be paid in several instalments and where Article I.4.1 provides for a further pre-financing payment subject to having used all or part of the previous instalment, the coordinator may submit a request for a further pre-financing payment once the percentage of the previous instalment specified in Article I.4.1 has been used.

Where, in accordance with Article I.4.1, the pre-financing shall be paid in several instalments and where Article I.4.1 provides for a further pre-financing payment at the end of a reporting period, the coordinator shall submit a request for a further pre-financing payment within 60 days following the end of each reporting period for which a new pre-financing payment is due.

In both cases, the request shall be accompanied by the following documents:

- (a) a progress report on implementation of the action ("technical report on progress");
- (b) a statement on the amount of the previous pre-financing instalment used to cover costs of the action ("statement on the use of the previous pre-financing instalment"), drawn up in accordance with Annex VI; and
- (c) where required by Article I.4.1, a financial guarantee.

II.23.2 Requests for interim payments or for payment of the balance and supporting documents

The coordinator shall submit a request for an interim payment or for payment of the balance within 60 days following the end of each reporting period for which, in accordance with Article I.4.1, an interim payment or the payment of the balance is due.

This request shall be accompanied by the following documents:

- (a) an interim report ("interim technical report") or, for the payment of the balance, a final report on implementation of the action ("final technical report"), drawn up in accordance with Annex V; the interim or final technical report must contain the information needed to justify the eligible costs declared or the contribution requested on the basis of unit costs and lump sums where the grant takes the form of the reimbursement of unit or lump sum costs or of a unit or lump sum contribution in accordance with Article 1.3(a)(ii), (iii), (b) or (c), as well as information on subcontracting as referred to in Article II.10.2(d);
- (b) an interim financial statement ("interim financial statement") or, for the payment of the balance, a final financial statement ("final financial statement"); the interim or final financial statements must include a consolidated statement as well as a breakdown of the amounts claimed by each beneficiary and its affiliated entities; they must be drawn up in accordance with the structure of the estimated budget set out in Annex III and with Annex VI and detail the amounts for each of the forms of grant set out in Article 1.3 for the reporting period concerned;
- (c) only for the payment of the balance, a summary financial statement ("summary financial statement"); this statement must include a consolidated financial statement and a breakdown of the amounts declared or requested by each beneficiary and its affiliated entities, aggregating the financial statements already submitted previously and indicating the receipts referred to in Article II.25.3.2 for each beneficiary and its affiliated entities; it must be drawn up in accordance with Annex VI;
- (d) where required by Article 1.4.1 or for each beneficiary for which the total contribution in the form of reimbursement of actual costs as referred to in Article 1.3(a)(i) is at least EUR 750 000 and which requests a reimbursement in that form of at least EUR 325 000 (when adding all previous reimbursements in that form for which a certificate on the financial statements has not been submitted), a certificate on the financial statements and underlying accounts ("certificate on the financial statements");

This certificate shall be produced by an approved auditor or, in case of public bodies, by a competent and independent public officer and drawn up in accordance with Annex VII. It shall certify that the costs declared in the interim or final financial statement by the beneficiary concerned or its affiliated entities for the categories of costs reimbursed in accordance with Article 1.3(a)(i) are real, accurately recorded and eligible in accordance with the Agreement. In addition, for the payment of the balance, it shall certify that all the receipts referred to in Article II.25.3.2 have been declared; and

- (e) where required by Article 1.4.1, an operational verification report ("operational verification report"), produced by an independent third party approved by the Commission and drawn up in accordance with Annex VIII.

This report shall state that the actual implementation of the action as described in the interim or final report complies with the conditions set out in the Agreement.

The coordinator shall certify that the information provided in the request for interim payment or for payment of the balance is full, reliable and true. It shall also certify that the costs incurred can be considered eligible in accordance with the Agreement and that the request for

payment is substantiated by adequate supporting documents that can be produced in the context of the checks or audits described in Article II.27. In addition, for the payment of the balance, it shall certify that all the receipts referred to in Article II.25.3.2 have been declared.

II.23.3 Non-submission of documents

Where the coordinator has failed to submit a request for interim payment or payment of the balance accompanied by the documents referred to above within 60 days following the end of the corresponding reporting period and where the coordinator still fails to submit such a request within 60 days following a written reminder sent by the Commission, the Commission reserves the right to terminate the Agreement in accordance with Article II.16.3.1(e), with the effects described in the third and the fourth subparagraphs of Article II.16.4.

II.23.4 Currency for requests for payment and financial statements and conversion into euro

Requests for payment and financial statements shall be drafted in euro.

Beneficiaries with general accounts in a currency other than the euro shall convert costs incurred in another currency into euro at the average of the daily exchange rates published in the C series of *Official Journal of the European Union*, determined over the corresponding reporting period. Where no daily euro exchange rate is published in the *Official Journal of the European Union* for the currency in question, conversion shall be made at the average of the monthly accounting rates established by the Commission and published on its website (http://ec.europa.eu/budget/contracts_grants/info_contracts/infoeuro/infoeuro_en.cfm), determined over the corresponding reporting period.

Beneficiaries with general accounts in euro shall convert costs incurred in another currency into euro according to their usual accounting practices.

ARTICLE II.24 – PAYMENTS AND PAYMENT ARRANGEMENTS

II.24.1 Pre-financing

The pre-financing is intended to provide the beneficiaries with a float.

Without prejudice to Articles II.24.5 and II.24.6, where Article I.4.1 provides for a pre-financing payment upon entry into force of the Agreement, the Commission shall pay to the coordinator within 30 days following that date or, where required by Article I.4.1, following receipt of the financial guarantee.

Where payment of pre-financing is conditional on receipt of a financial guarantee, the financial guarantee shall fulfill the following conditions:

- (a) it is provided by a bank or an approved financial institution or, at the request of the coordinator and acceptance by the Commission, by a third party;

27

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

- (b) the guarantor stands as first-call guarantor and does not require the Commission to have recourse against the principal debtor (i.e. the beneficiary concerned); and
- (c) it provides that it remains in force until the pre-financing is cleared against interim payments or payment of the balance by the Commission and, in case the payment of the balance is made in the form of a debit note, three months after the debit note is notified to a beneficiary. The Commission shall release the guarantee within the following month.

II.24.2 Further pre-financing payments

Without prejudice to Articles II.24.5 and II.24.6, on receipt of the documents referred to in Article II.23.1, the Commission shall pay to the coordinator the new pre-financing instalment within 60 days.

Where the statement on the use of the previous pre-financing instalment submitted in accordance with Article II.23.1 shows that less than 70% of the previous pre-financing instalment paid has been used to cover costs of the action, the amount of the new pre-financing to be paid shall be reduced by the difference between the 70% threshold and the amount used.

II.24.3 Interim payments

Interim payments are intended to reimburse or cover the eligible costs incurred for the implementation of the action during the corresponding reporting periods.

Without prejudice to Articles II.24.5 and II.24.6, on receipt of the documents referred to in Article II.23.2, the Commission shall pay to the coordinator the amount due as interim payment within the time limit specified in Article I.4.2.

This amount shall be determined following approval of the request for interim payment and of the accompanying documents and in accordance with the fourth, fifth and sixth subparagraphs. Approval of the request for interim payment and of the accompanying documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information it contains.

Without prejudice to any ceiling set out in Article I.4.1 and to Articles II.24.5 and II.24.6, the amount due as interim payment shall be determined as follows:

- (a) where, in accordance with Article I.3(a), the grant takes the form of the reimbursement of eligible costs, the amount obtained by application of the reimbursement rate specified in that Article to the eligible costs of the action approved by the Commission for the concerned reporting period and the corresponding categories of costs, beneficiaries and affiliated entities; if Article I.4.1 specifies another reimbursement rate, this other rate shall be applied instead;
- (b) where, in accordance with Article I.3(b), the grant takes the form of a unit contribution, the amount obtained by multiplying the unit contribution specified in that Article by the

28

AM

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

actual number of units approved by the Commission for the concerned reporting period and for the corresponding beneficiaries and affiliated entities:

- (c) where, in accordance with Article I.3(c), the grant takes the form of a lump sum contribution, the lump sum specified in that Article for the corresponding beneficiaries and affiliated entities, subject to approval by the Commission of the proper implementation during the concerned reporting period of the corresponding tasks or part of the action in accordance with Annex I;
- (d) where, in accordance with Article I.3(d), the grant takes the form of a flat-rate contribution, the amount obtained by applying the flat rate referred to in that Article to the eligible costs or to the contribution accepted by the Commission for the concerned reporting period and the corresponding beneficiaries and affiliated entities.

Where Article I.3 provides for a combination of different forms of grant, these amounts shall be added.

Where Article I.4.1 requires that the interim payment clears all or part of the pre-financing paid to the beneficiaries, the amount of pre-financing to be cleared shall be deducted from the amount due as interim payment, as determined in accordance with the fourth and fifth subparagraphs.

II.24.4 Payment of the balance

The payment of the balance, which may not be repeated, is intended to reimburse or cover after the end of the period set out in Article I.2.2 the remaining part of the eligible costs incurred by the beneficiaries for its implementation. Where the total amount of earlier payments is greater than the final amount of the grant determined in accordance with Article II.25, the payment of the balance may take the form of a recovery as provided for by Article II.26.

Without prejudice to Articles II.24.5 and II.24.6, on receipt of the documents referred to in Article II.23.2, the Commission shall pay the amount due as the balance within the time limit specified in Article I.4.2.

This amount shall be determined following approval of the request for payment of the balance and of the accompanying documents and in accordance with the fourth subparagraph. Approval of the request for payment of the balance and of the accompanying documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information it contains.

The amount due as the balance shall be determined by deducting, from the final amount of the grant determined in accordance with Article II.25, the total amount of pre-financing and interim payments already made.

II.24.5 Suspension of the time limit for payment

The Commission may suspend the time limit for payment specified in Article I.4.2 at any time by formally notifying the coordinator that its request for payment cannot be met, either

29

M *Ms*

Agreement number: Agreement number: HOME/2011/SFB/AG/EMAS/0064

because it does not comply with the provisions of the Agreement, or because the appropriate supporting documents have not been produced, or because there is doubt about the eligibility of the costs declared in the financial statement.

The coordinator shall be notified as soon as possible of any such suspension, together with the reasons thereof.

Suspension shall take effect on the date when notification is sent by the Commission. The remaining payment period shall start to run again from the date on which the requested information or revised documents are received or the necessary further verification, including on-the-spot checks, is carried out. Where the suspension exceeds two months, the coordinator may request a decision by the Commission on whether the suspension is to be continued.

Where the time limit for payment has been suspended following the rejection of one of the technical reports or financial statements provided for by Article II.23 and the new report or statement submitted is also rejected, the Commission reserves the right to terminate the Agreement in accordance with Article II.16.3.1(c), with the effects described in Article II.16.4.

II.24.6 Suspension of payments

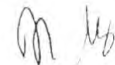

The Commission may, at any time during the implementation of the Agreement, suspend the pre-financing payments, interim payments or payment of the balance for all beneficiaries, or suspend the pre-financing payments or interim payments for any one or several beneficiaries:

- (a) if the Commission has evidence that a beneficiary has committed substantial errors, irregularities or fraud in the award procedure or in the implementation of the grant, or if a beneficiary fails to comply with its obligations under the Agreement;
- (b) if the Commission has evidence that a beneficiary has committed systemic or recurrent errors, irregularities, fraud or breach of obligations under other grants funded by the Union or by the European Atomic Energy Community which were awarded to that beneficiary under similar conditions, provided that those errors, irregularities, fraud or breach of obligations have a material impact on this grant; or
- (c) if the Commission suspects substantial errors, irregularities, fraud or breach of obligations committed by a beneficiary in the award procedure or in the implementation of the Agreement and needs to verify whether they have actually occurred.

Before suspending payments, the Commission shall formally notify the coordinator of its intention to suspend payments, specifying the reasons thereof and, in the cases referred to in points (a) and (b) of the first subparagraph, the necessary conditions for resuming payments. The coordinator shall be invited to make any observations on behalf of all beneficiaries within 30 calendar days from receipt of this notification.

If, after examination of the observations submitted by the coordinator, the Commission decides to stop the procedure of payment suspension, the Commission shall formally notify the coordinator thereof.

30

Agreement number Agreement number: HOME/2017/SFB/AG/EMAS/0064

If no observations have been submitted or if, despite the observations submitted by the coordinator, the Commission decides to pursue the procedure of payment suspension, it may suspend payments by formally notifying the coordinator, specifying the reasons for the suspension and, in the cases referred to in points (a) and (b) of the first subparagraph, the definitive conditions for resuming payments or, in the case referred to in point (c) of the first subparagraph, the indicative date of completion of the necessary verification.

The coordinator shall inform the other beneficiaries immediately. The suspension of payments shall take effect on the date when the notification is sent by the Commission.

In order to resume payments, the beneficiaries shall endeavour to meet the notified conditions as soon as possible and shall inform the Commission of any progress made in this respect.

The Commission shall, as soon as it considers that the conditions for resuming payments have been met or the necessary verification, including on-the-spot checks, has been carried out, formally notify the coordinator thereof.

During the period of suspension of payments and without prejudice to the right to suspend the implementation of the action in accordance with Article II.15.1 or to terminate the Agreement or the participation of a beneficiary in accordance with Article II.16.1 and Article II.16.2, the coordinator is not entitled to submit any requests for payments and supporting documents referred to in Article II.23 or, where the suspension concerns the pre-financing payments or interim payments for one or several beneficiaries only, any requests for payments and supporting documents relating to the participation of the concerned beneficiary or beneficiaries in the action.

The corresponding requests for payments and supporting documents may be submitted as soon as possible after resumption of payments or may be included in the first request for payment due following resumption of payments in accordance with the schedule laid down in Article I.4.1

II.24.7 Notification of amounts due

The Commission shall formally notify the amounts due, specifying whether it is a further pre-financing payment, an interim payment or the payment of the balance. In the case of payment of the balance, it shall also specify the final amount of the grant determined in accordance with Article II.25.

II.24.8 Interest on late payment

On expiry of the time limits for payment specified in Articles I.4.2, II.24.1 and II.24.2, and without prejudice to Articles II.24.5 and II.24.6, the beneficiaries are entitled to interest on late payment at the rate applied by the European Central Bank for its main refinancing operations in euros ("the reference rate"), plus three and a half points. The reference rate shall be the rate in force on the first day of the month in which the time limit for payment expires, as published in the C series of the *Official Journal of the European Union*.

31

M Jy

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

The first subparagraph shall not apply where all beneficiaries are Member States of the Union, including regional and local government authorities and other public bodies acting in the name and on behalf of the Member State for the purpose of this Agreement.

The suspension of the time limit for payment in accordance with Articles II.24.5 or of payment by the Commission in accordance with Article II.24.6 may not be considered as late payment.

Interest on late payment shall cover the period running from the day following the due date for payment, up to and including the date of actual payment as established in Article II.24.10. The interest payable shall not be considered for the purposes of determining the final amount of grant within the meaning of Article II.25.3.

By way of derogation from the first subparagraph, when the calculated interest is lower than or equal to EUR 200, it shall be paid to the coordinator only upon request submitted within two months of receiving late payment.

II.24.9 Currency for payments

Payments by the Commission shall be made in euro.

II.24.10 Date of payment

Payments by the Commission shall be deemed to be effected on the date when they are debited to the Commission's account.

II.24.11 Costs of payment transfers

Costs of the payment transfers shall be borne in the following way:

- (a) costs of transfer charged by the bank of the Commission shall be borne by the Commission;
- (b) costs of transfer charged by the bank of a beneficiary shall be borne by the beneficiary;
- (c) all costs of repeated transfers caused by one of the parties shall be borne by the party which caused the repetition of the transfer.

II.24.12 Payments to the coordinator

Payments to the coordinator shall discharge the Commission from its payment obligation.

ARTICLE II.25 – DETERMINING THE FINAL AMOUNT OF THE GRANT

II.25.1 Calculation of the final amount

Without prejudice to Articles II.25.2, II.25.3 and II.25.4, the final amount of the grant shall be determined as follows:

32

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

- (a) where, in accordance with Article 1.3(a), the grant takes the form of the reimbursement of eligible costs, the amount obtained by application of the reimbursement rate specified in that Article to the eligible costs of the action approved by the Commission for the corresponding categories of costs, beneficiaries and affiliated entities;
- (b) where, in accordance with Article 1.3(b), the grant takes the form of a unit contribution, the amount obtained by multiplying the unit contribution specified in that Article by the actual number of units approved by the Commission for the corresponding beneficiaries and affiliated entities;
- (c) where, in accordance with Article 1.3(c), the grant takes the form of a lump sum contribution, the lump sum specified in that Article for the corresponding beneficiaries and affiliated entities, subject to approval by the Commission of the proper implementation of the corresponding tasks or part of the action in accordance with Annex I;
- (d) where, in accordance with Article 1.3(d), the grant takes the form of a flat-rate contribution, the amount obtained by applying the flat rate referred to in that Article to the eligible costs or to the contribution accepted by the Commission for the corresponding beneficiaries and affiliated entities.

Where Article 1.3 provides for a combination of different forms of grant, these amounts shall be added.

II.25.2 Maximum amount

The total amount paid to the beneficiaries by the Commission may in no circumstances exceed the maximum amount specified in Article 1.3.

Where the amount determined in accordance with Article II.25.1 exceeds this maximum amount, the final amount of the grant shall be limited to the maximum amount specified in Article 1.3.

II.25.3 No-profit rule and taking into account of receipts

II.25.3.1 The grant may not produce a profit for the beneficiaries, unless specified otherwise in the Special Conditions. "Profit" shall mean a surplus of the receipts over the eligible costs of the action.

II.25.3.2 The receipts to be taken into account are the consolidated receipts established, generated or confirmed on the date on which the request for payment of the balance is drawn up by the coordinator, which fall within one of the following two categories:

- (a) income generated by the action; or

33

M M

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

- (b) financial contributions specifically assigned by the donors to the financing of the eligible costs of the action reimbursed by the Commission in accordance with Article 1.3(a)(i).

II.25.3.3 The following shall not be considered as receipts to be taken into account for the purpose of verifying whether the grant produces a profit for the beneficiaries:

- (a) financial contributions referred to in point (b) of Article II.25.3.2, which may be used by the beneficiaries to cover costs other than the eligible costs under the Agreement;
- (b) financial contributions referred to in point (b) of Article II.25.3.2, the unused part of which is not due to the donors at the end of the period set out in Article I.2.2.

II.25.3.4 The eligible costs to be taken into account are the consolidated eligible costs approved by the Commission for the categories of costs reimbursed in accordance with I.3(a).

II.25.3.5 Where the final amount of the grant determined in accordance with Articles II.25.1 and II.25.2 would result in a profit for the beneficiaries, the profit shall be deducted in proportion to the final rate of reimbursement of the actual eligible costs of the action approved by the Commission for the categories of costs referred to in Article I.3(a)(i). This final rate shall be calculated on the basis of the final amount of the grant in the form referred to in Article I.3(a)(i), as determined in accordance with Articles II.25.1 and II.25.2.

II.25.4 Reduction for poor, partial or late implementation

If the action is not implemented or is implemented poorly, partially or late, the Commission may reduce the grant initially provided for, in line with the actual implementation of the action according to the terms laid down in the Agreement.

ARTICLE II.26 – RECOVERY

II.26.1 Recovery at the time of payment of the balance

Where the payment of the balance takes the form of a recovery, the coordinator shall repay the Commission the amount in question, even if it has not been the final recipient of the amount due.

II.26.2 Recovery after payment of the balance

Where an amount is to be recovered in accordance with Articles II.27.6, II.27.7 and II.27.8, the beneficiary concerned by the audit or OLAF findings shall repay the Commission the amount in question. Where the audit findings do not concern a specific beneficiary, the coordinator shall repay the Commission the amount in question, even if it has not been the final recipient of the amount due.

34

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

Each beneficiary shall be responsible for the repayment of any amount unduly paid by the Commission as a contribution towards the costs incurred by its affiliated entities.

II.26.3 Recovery procedure

Before recovery, the Commission shall formally notify the beneficiary concerned of its intention to recover the amount unduly paid, specifying the amount due and the reasons for recovery and inviting the beneficiary to make any observations within a specified period.

If no observations have been submitted or if, despite the observations submitted by the beneficiary, the Commission decides to pursue the recovery procedure, the Commission may confirm recovery by formally notifying to the beneficiary a debit note ("debit note"), specifying the terms and the date for payment.

If payment has not been made by the date specified in the debit note, the Commission shall recover the amount due:

- (a) by offsetting it against any amounts owed to the beneficiary concerned by the Union or the European Atomic Energy Community (Euratom) ("offsetting"); in exceptional circumstances, justified by the necessity to safeguard the financial interests of the Union, the Commission may recover by offsetting before the due date; the beneficiary's prior consent shall not be required; an action may be brought against such offsetting before the General Court of the European Union pursuant to Article 263 TFEU;
- (b) by drawing on the financial guarantee where provided for in accordance with Article I.4.1 ("drawing on the financial guarantee");
- (c) by holding the beneficiaries jointly and severally liable up to the value of the contribution that the beneficiary held liable is entitled to receive. This contribution shall be that indicated in the estimated budget breakdown as set out in Annex III as last amended;
- (d) by taking legal action in accordance with Article II.18.2 or with the Special Conditions or by adopting an enforceable decision in accordance with Article II.18.3.

For the purposes of point (c) of the third subparagraph, the beneficiaries shall not be jointly and severally liable for financial penalties which could be imposed on any defaulting beneficiary in accordance with Article II.17

II.26.4 Interest on late payment

If payment has not been made by the date set out in the debit note, the amount due shall bear interest at the rate established in Article II.24.8. Interest on late payment shall cover the period running from the day following the due date for payment, up

35

M *ko*

Agreement number: Agreement number: HOME/2011/ISFB/AG/EMAS/0064

to and including the date when the Commission actually receives payment in full of the outstanding amount.

Any partial payment shall first be appropriated against charges and interest on late payment and then against the principal.

II.26.5 Bank charges

Bank charges incurred in connection with the recovery of the sums owed to the Commission shall be borne by the beneficiary concerned except where Directive 2007/64/EC of the European Parliament and of the Council of 13 November 2007 on payment services in the internal market amending Directives 97/7/EC, 2002/65/EC, 2005/60/EC and 2006/48/EC and repealing Directive 97/5/EC applies.

ARTICLE II.27 – CHECKS, AUDITS AND EVALUATION

II.27.1 Technical and financial checks, audits, interim and final evaluations

The Commission may carry out technical and financial checks and audits in relation to the use of the grant. It may also check the statutory records of the beneficiaries for the purpose of periodic assessments of lump sum, unit cost or flat-rate amounts. Information and documents provided in the framework of checks or audits shall be treated on a confidential basis.

In addition, the Commission may carry out interim or final evaluation of the impact of the action measured against the objective of the Union programme concerned.

Checks, audits or evaluations made by the Commission may be carried out either directly by its own staff or by any other outside body authorised to do so on its behalf.

Such checks, audits or evaluations may be initiated during the implementation of the Agreement and for a period of five years starting from the date of payment of the balance. This period shall be limited to three years in case the maximum amount specified in Article I.3 is not more than EUR 60 000.

The check, audit or evaluation procedure shall be deemed to be initiated on the date of receipt of the letter of the Commission announcing it.

II.27.2 Duty to keep documents

The beneficiaries shall keep all original documents, especially accounting and tax records, stored on any appropriate medium, including digitalised originals when they are authorised by their respective national law and under the conditions laid down therein, for a period of five years starting from the date of payment of the balance.

This period shall be limited to three years if the maximum amount specified in Article I.3 is not more than EUR 60 000.

36

On *Isb*

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

The periods set out in the first and second subparagraphs shall be longer if there are on-going audits, appeals, litigation or pursuit of claims concerning the grant, including in the case referred to in Article II.27.7. In such cases, the beneficiaries shall keep the documents until such audits, appeals, litigation or pursuit of claims are closed.

II.27.3 Obligation to provide information

Where a check, audit or evaluation is initiated before the payment of the balance, the coordinator shall provide any information, including information in electronic format, requested by the Commission or by any other outside body authorised by it. Where appropriate, the Commission may request such information to be provided directly by a beneficiary.

Where a check or audit is initiated after payment of the balance, such information shall be provided by the beneficiary concerned.

In case the beneficiary concerned does not comply with the obligations set out in the first and second subparagraphs, the Commission may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.4 On-the-spot visits

During an on-the-spot visit, the beneficiaries shall allow Commission staff and outside personnel authorised by the Commission to have access to the sites and premises where the action is or was carried out, and to all the necessary information, including information in electronic format.

They shall ensure that the information is readily available at the moment of the on-the-spot visit and that information requested is handed over in an appropriate form.

In case the beneficiary concerned refuses to provide access to the sites, premises and information in accordance with the first and second subparagraphs, the Commission may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.5 Contradictory audit procedure

On the basis of the findings made during the audit, a provisional report ("draft audit report") shall be drawn up. It shall be sent by the Commission or its authorised representative to the beneficiary concerned, which shall have 30 days from the date of receipt to submit observations. The final report ("final audit report") shall be sent to the beneficiary concerned within 60 days of expiry of the time limit for submission of observations.

II.27.6 Effects of audit findings

On the basis of the final audit findings, the Commission may take the measures which it considers necessary, including recovery at the time of payment of the balance or after payment of the balance of all or part of the payments made by it, in accordance with Article II.26.

In the case of final audit findings made after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant, determined in accordance with Article II.25, and the total amount paid to the beneficiaries under the Agreement for the implementation of the action.

II.27.7 Correction of systemic or recurrent errors, irregularities, fraud or breach of obligations

II.27.7.1 The Commission may take all measures which it considers necessary, including recovery at the time of payment of the balance or after payment of the balance of all or part of the payments made by it under the Agreement, in accordance with Article II.26, where the following conditions are fulfilled:

- (a) the beneficiary is found, on the basis of an audit of other grants awarded to it under similar conditions, to have committed systemic or recurrent errors, irregularities, fraud or breach of obligations that have a material impact on this grant; and
- (b) the final audit report containing the findings of the systemic or recurrent errors, irregularities, fraud or breach of obligations is received by the beneficiary within the period referred to in Article II.27.1.

II.27.7.2 The Commission shall determine the amount to be corrected under the Agreement:

- (a) wherever possible and practicable, on the basis of costs unduly declared as eligible under the Agreement.

For that purpose, the beneficiary concerned shall revise the financial statements submitted under the Agreement taking account of the findings and resubmit them to the Commission within 60 days from the date of receipt of the final audit report containing the findings of the systemic or recurrent errors, irregularities, fraud or breach of obligations.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant, determined in accordance with Article II.25 on the basis of the revised eligible costs declared by the beneficiary and approved by the Commission, and the total amount paid to the beneficiaries under the Agreement for the implementation of the action:

- (b) where it is not possible or practicable to quantify precisely the amount of ineligible costs under the Agreement, by extrapolating the correction rate applied to the eligible costs for the grants for which the systemic or recurrent errors or irregularities have been found.

The Commission shall formally notify the extrapolation method to be applied to the beneficiary concerned, which shall have 60 days from the date of receipt of the notification to submit observations and to propose a duly substantiated alternative method.

If the Commission accepts the alternative method proposed by the beneficiary, it shall formally notify the beneficiary concerned thereof and determine the revised eligible costs by applying the accepted alternative method.

If no observations have been submitted or if the Commission does not accept the observations or the alternative method proposed by the beneficiary, the Commission shall formally notify the beneficiary concerned thereof and determine the revised eligible costs by applying the extrapolation method initially notified to the beneficiary.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant, determined in accordance with Article II.25 on the basis of the revised eligible costs after extrapolation, and the total amount paid to the beneficiaries under the Agreement for the implementation of the action; or

- (c) where ineligible costs cannot serve as a basis for determining the amount to be corrected, by applying a flat rate correction to the maximum amount of the grant specified in Article I.3 or part thereof, having regard to the principle of proportionality.

The Commission shall formally notify the flat rate to be applied to the beneficiary concerned, which shall have 60 days from the date of receipt of the notification to submit observations and to propose a duly substantiated alternative flat rate.

If the Commission accepts the alternative flat rate proposed by the beneficiary, it shall formally notify the beneficiary concerned thereof and correct the grant amount by applying the accepted alternative flat rate.

If no observations have been submitted or if the Commission does not accept the observations or the alternative flat rate proposed by the beneficiary, the Commission shall formally notify the beneficiary concerned thereof and correct the grant amount by applying the flat rate initially notified to the beneficiary.

FUNCTIONALITIES AND CONSTRAINTS	
Protected fields	Where necessary, the fields on a sheet or the entire sheet is write-protected. You may enter data only in the fields that you are supposed to fill in. If you try to modify a locked cell you will receive a request for a password. Please note that the locking is intentional and you do not need to unlock the template and insert a password to fill in the table properly. As a general rule, only the fields with a white background are to be filled in. Sheet 4 "Budget & Execution summary" is protected as a whole to ensure the integrity of the data and formulae, i.e. it is inaccessible for editing. The other sheets are not fully protected and therefore Applicants are urged not to remove or modify the formulas, especially in the yellow areas as this can impact the calculation functionalities.
Filters	Each column on Sheet 3 and Sheet 5 has a filter, which allows you to filter the entries (using the relevant arrow inserted in the title line). Filtering under multiple parameters is possible by using the filter buttons of more than one column.
Sorting A-Z or Z-A:	The locking parameters of Sheets 3 and 5 prevent the use of the sorting function.
Copy-paste Cut-paste Insert/delete line	Only the upper parts of the Sheets 3 and 5 are locked and this allows you to copy, cut, insert and delete lines and cells. While using these functions (especially the cut-paste and insert), please note that the calculation formula in the column Total EURO (yellow area) is not reproduced in the new line. It is your responsibility to ensure that the calculation remains correct.
Printing of the Budget	Please check the settings of the print area before you print the worksheets of the Budget Form.
Rounding	When inputting the forecasted amounts in the Sheet 3 make sure that the amounts you enter are rounded to two decimals (i.e. corresponding to XX EUR and XX EUROCENTS) and that there are no hidden decimals. Please note that the cells are set up to show two decimals only but the amounts are not rounded automatically.

BUDGET COLUMNS	
Column A Budget Heading	When introducing a new cost or income item first you need to identify the appropriate Budget Heading. Each cost or income should be classified under one of these categories. No Budget Heading letter is indicated for the amount of EU contribution; you cannot specify yourself the amount of EU contribution that you request. The table calculates it automatically on the basis of the estimated costs and income that you present in the table.
Column B Name of Beneficiary	Each item (i.e. each line, i.e. each cost or income) may be allocated to only one organisation (applicant or co-applicant(s)). It should be the organization that will incur the cost and will include it in its official accounts. Please make sure that every time you refer to an organisation you use the same name/same spelling/same abbreviation throughout the document in order to be able to benefit from the filter in this column and be able to select and review easily all entries that refer to one organisation.
Column C Activity	- Indicate the relevant Activity reference number (as per section 4.2 of the Grant Application Form) - 1.1, 1.2, ..., 2.1, 2.2, ... to which the cost is linked. - Indirect costs (Heading F) should be labelled "Indirect". - Incomes (heading I & K) should be labelled "Income". In case the income is generated by a specific activity of the action, please provide details in the description of item.
Column D Description of Item i.e. Who? What?	Provide a concrete description of each cost/income item. The estimated budget aims at providing clear financial information, and this column should therefore not be filled out referring vaguely to activities, but each entry should be a very specific cost. Income: Please give additional information on the sources of income. Especially in case that you foresee under heading I income to be generated by the activities of the action, you should provide details on the type of income and the way of calculation of the total amount.
Column E Unit	Provide the unit used for the calculation of budget (e.g. days, months, persons, items, pieces, kits, sessions, centres, ...). Wherever possible, the units selected should reflect the output indicators selected in the text of the application. Please note that lump sums are not allowed (except for indirect costs and income labelled under K).
Column F Amount per Unit in EURO	Ensure the amount indicated refers to the unit selected in column E. All amounts should be indicated with maximum two decimals.
Column G Number of Units	Indicate the number of units. Ensure the number of units refers to the unit indicated in column E. Please note that lump sums are not allowed.
Column H Total EURO	The cells in this column contain a not-protected formula. Be careful not to delete it. It is your responsibility to ensure that the total amount per line as stated in this cell is calculated correctly.
Column I Additional Information	You should provide here information related to: - equipment's depreciation - subcontracting You may also provide any other additional information.

ANNEX V.2

FINAL TECHNICAL IMPLEMENTATION REPORT

The **final reporting package** referred to in Article I.4.1 of this Grant Agreement must be submitted both in paper and electronic versions to the address indicated in Art. I.6.2 of the Grant Agreement. Please be reminded that the paper version shall contain a dated and duly signed cost claim.

The reporting period for the final report runs from the starting date of the project until the end date of the project as indicated in Article I.2.2 of the Grant Agreement.

The **electronic version** shall contain as a minimum:

- 1) Final technical implementation report (Word document),
- 2) Budget Form (Excel document),
- 3) Deliverables.

Please note that according to the Grant Agreement (notably Art. 20, 23 and 27) and the Guide for Applicants, the Commission may request supporting documents for project related incurred costs.

Instructions for the final reporting package:

1. The **Final technical implementation report**

It must be precise, correctly completed using the existing template; all questions must be answered; it must be duly signed and dated by the Authorised Signatory.

2. The **Detailed Budget Execution Sheet (Sheet 5 of the Budget Form)**.

It must contain data on the actual implementation of the project both in terms of expenditure and income. The encoding has to follow the same logic and order as in the Forecast Budget Calculation (Sheet 3 of the Budget Form). Please use the same budget headings, objectives, actions and descriptions. At this stage, it is important to insert the **real incurred costs and the real income**, no estimates, no lump sums, no flat rates (except for the indirect costs)! Pay attention to the rules governing VAT eligibility.

The sheet has also a column for inserting the beneficiary's accounting reference, that can be an exact entry in the accountancy or an analytical reference making it possible to consolidate information, in order to facilitate its analysis. In case of an audit, this reference is part of the audit trail.

Under budget heading I should be included the financial contribution specifically assigned by donors to the financing of the action eligible costs and any income generated by the financed activities. Any other income, including the own contribution from the beneficiaries, should be included under the budget heading K. The pre-financing payments received from the Commission should be included under the budget heading J.

The columns L, M, N, O and P are reserved for the Commission to analyse the beneficiary's statement and to indicate the rejected amounts which are not considered eligible. If

Am Mb

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

relevant, the Commission inserts an explanation on specific lines, in order to facilitate the beneficiary's understanding of the Commission's position and identifying the amounts retained as ineligible *please do not write or change anything in these columns*.

3. The Budget and Execution Summary Sheet (Sheet 4 of the Budget Form)

The amounts are automatically inserted and consolidated by budget heading/item. It shows the final calculation of the amount of the grant and of the final payment or reimbursement. This sheet is write-protected.

4. The Cost Claim Sheet (Sheet 6 of the Budget Form)

This sheet is the final payment request to be completed by the co-ordinator. By default, the information introduced in Sheet 1 'ID Form' is copied to this sheet. Similarly, the amount of the final payment (cell J19) is copied from **Sheet 4 Budget & Execution Summary**. Finally, the legal representative of the co-ordinator has to date and sign this **Cost Claim Sheet** and send the original paper copy to the Commission.

5. The deliverables

Provide all deliverables produced within the framework of the project, **such as reports, surveys, meeting documents, CD-ROMs/memory sticks, DVDs**, and other deliverables.

6. The certificate on the action's financial statements and underlying accounts (audit certificate) – Annex VII of the Grant Agreement

For each beneficiary with eligible direct costs exceeding 100.000 EUR, an audit certificate produced by an approved auditor or (in the case of public bodies) a competent and independent public officer, must be provided.

Below is the final technical implementation report template.

ANNEX VII

MODEL TERMS OF REFERENCE FOR THE CERTIFICATE ON THE FINANCIAL STATEMENTS

1. OBJECTIVE

The main purpose of an audit is to provide verification of expenditure and assurance on the eligibility of the costs declared by a beneficiary under a grant agreement. Assurance is related to compliance with the terms and conditions of the grant agreement and its annexes, and should take into account sound financial management and the principles of economy, efficiency and effectiveness.

As specified in article 1.4.1 of the Grant Agreement, a certificate on the financial statements and underlying accounts (hereinafter referred to as "audit certificate") should be submitted in accordance with Article II.23.2 of the grant agreement.

This audit certificate shall be produced by an external certified auditor. In case of national governmental organisations and authorities, local governments or other public bodies of the EU Member States the certificate can be produced by a competent and independent public officer or an audit authority approved in the process of verification of national management and control systems for the Solidarity Funds or for AMIF/ISF.

It shall certify that the costs declared in the interim or final financial statement by the beneficiary concerned for the categories of costs reimbursed in accordance with Article 1.3(a)(i) are real, accurately recorded and eligible in accordance with the grant agreement. In addition, for the payment of the balance, it shall certify that all the receipts referred to in Article II.25.3.2 have been declared.

2. ESSENTIAL DOCUMENTS

In addition to the supporting documents needed to perform the audit, the following documents serve as a basis (the list is not exhaustive):

- grant agreement signed between the beneficiary and the Commission and its annexes;
- any amendments made to the grant agreement;
- the call for proposals under which the action was selected for funding (not applicable in case of grants awarded directly to an organisation without a call for proposals), including the guide for applicants;
- the present guidance note.

3. ELIGIBILITY OF EXPENDITURE

General

The auditor should perform financial checks to ensure that the costs claimed are in line with the terms and conditions of the grant agreement (and its amendments - if applicable) and assess whether:

- the financial contribution from the European Commission was used exclusively for the purposes described in the application for a grant;

1

Agreement number: Agréement number: HOME/2017/ISFB/AG/EMAS/0064

- expenditure is acceptable and plausible taking into account the context and project activities (is expenditure included in the budget estimate of the project?);
- expenditure has been incurred by the beneficiary during the implementation period of the project as defined in the grant agreement (and its amendments – if applicable);
- expenditure is recorded in the accounts of the beneficiary and is identifiable, verifiable and substantiated by originals of supporting evidence;
- expenditure excludes non-eligible costs as defined in grant agreement (and its amendments – if applicable);
- adequate measures were taken to prevent multiple financing;
- the grant did not generate a profit for the beneficiary;
- the beneficiary's management of the grant complied with the principles of sound financial management, economy and efficiency.

Conformity of expenditure with the budget and analytical review

The auditor should carry out an analytical review of the expenditure and verify that:

- the list of expenditure presented in the financial statement corresponds to the budget estimate of the project (authenticity and authorisation of the initial budget) and that reported expenditure was foreseen in the budget;
- the total amount of expenditure does not exceed any maxima laid down in the grant agreement;
- any changes to the budget of the action comply with the terms and conditions for such amendments.

Accuracy, recording and classification

The auditor should verify that the expenditure for a transaction is properly classified under the headings of the financial statements, is accurately and properly recorded in the beneficiary's accounting system, is supported by appropriate evidence and documents and is properly valued (e.g. use of correct exchange rates).

Reality (occurrence / existence)

The auditor should:

- obtain sufficient appropriate audit evidence as to whether the expenditure has occurred (reality of the expenditure);
- verify the reality of the expenditure for a transaction or action by examining proof of work done, goods received or services rendered on a timely basis, at agreed quality and prices or costs.

4. TYPES OF EXPENDITURE AND INCOME

Staff

The auditor should review direct salary charges to determine whether salary rates are reasonable for the position concerned, are in accordance with relevant rules of the beneficiary's human resources policies (i.e. employment contracts and other conditions), are supported by appropriate payroll records/timesheets and in accordance with the terms and

2

OM Mo

Agreement number: Agreement number: HOME/2017/ISF-B/AG/EMAS/0064

conditions of the grant agreement. The review should also cover salary related components such as overtime, allowances and fringe benefits received by employees. Staff costs including the salary costs of personnel of national administrations are eligible to the extent that they relate to the cost of activities which the relevant public authority would not carry out if the projects concerned were not undertaken.

Travel and subsistence

The auditor should review travel and subsistence costs to determine whether they are adequately supported and whether subsistence costs are in line with the beneficiary's usual practices (if they exist). The daily subsistence allowance cannot be higher than indicated in the "Applicable rates to the per diems in the framework of EC-funded external aid contracts - 18/03/2015" published on the following website: <https://ec.europa.eu/europeaid/node/96684>.

Equipment

The auditor should review purchase costs of equipment (new or second-hand) to determine whether they are written off in accordance with the tax and accounting rules applicable to the beneficiary and generally accepted for items of the same kind.

If applicable according to the rules of the guide for applicants or the call for proposals, such costs are eligible for co-financing on the basis of the full or partial cost of the purchase if the equipment will continue to be used for the same objectives pursued by the project, after the project has ended for the minimum duration of:

- three years or more for Information and Communication Technology (ICT) equipment;
- five years or more for other types of equipment such as operating equipment and means of transport.

The auditor should review whether costs for day-to-day administrative equipment (such as PC, printer, laptop, fax, copier, phone, cabling, etc.) are not included under the eligible direct costs, as they should be considered as indirect costs, if not duly justified.

Consumables

The auditor should review whether the costs of consumables and supplies are identifiable and exclusively used for the purpose of the action. They must be identifiable as such in the accounts of the beneficiary, unless included in the indirect costs.

Other direct costs

The auditor should review whether costs charged to this heading meet the general criteria for eligible costs. In case the costs relate to work subcontracted to another legal entity, they should comply with the rules concerning the award of contracts necessary for the implementation of the action, as specified in article 11.9 of the grant agreement and the guide for applicants.

3

Handwritten signature

Agreement number: Agreement number: HOME/2017/ISFB/AG/EMAS/0064

Indirect costs

The auditor should review allocation methods to determine that it complies with the terms and conditions of the grant agreement and that it does not exceed the maximum percentage of the total eligible direct costs, as specified in the grant agreement. Indirect costs, presented as a flat rate should not be subject to ex-post verification.

Income

The auditor should review whether income for the project (including grants and funding received from other donors, revenue generated by the beneficiary) has been added to the project funds in accordance with the terms and conditions of the grant agreement, criteria for accuracy, recording, completeness (including proper allocation of income attributable to various activities) and disclosure of income in the financial statements.

5. FINANCIAL FINDINGS

Findings relating to ineligible expenditure and to the non-reporting of income should be classified as financial findings as there is a direct financial impact resulting in a recovery or a potential recovery of funds by the Commission. The auditor should report all financial findings that have been identified during the audit no matter whether these findings have a material impact i.e. no matter whether the findings affect his/her opinion.

The following split enables a structured approach to potential recoveries and follow-up with the beneficiary:

- Financial finding (clear-cut): This refers to clear-cut financial findings. For example: the auditor has identified ineligible expenditure because this expenditure does not comply with the criteria of the terms and conditions of the grant agreement, is not project related or not properly documented.
- Financial finding subject to the further consideration of the Commission: This refers to financial findings concerning questioned expenditure (or income) where the auditor is not entirely sure that the financial item concerned involves an ineligible expenditure and further consideration by the Commission is required to determine whether recovery is appropriate.

Compliance with the terms and conditions of the grant agreement is a fundamental aspect of funded projects. It is important for the Commission services to know and understand the causes of the financial findings in order to be able to take appropriate measures where necessary and possible. Such measures may for example involve clarifications or changes in the terms and conditions of the grant agreement. Thus, the auditor should indicate for each financial finding whether it is related to one of the following compliance issues:

Budget lines	Reasons for ineligibility	Amounts (EUR)
[can be relevant for all or most budget headings - include within relevant budget	Costs without supporting documents	
	Insufficient or inadequate supporting documentation	
	No evidence or insufficient evidence of payment

Note 1: Financial findings related to ineligible expenditure mostly concern one-off errors (i.e. the error is clearly incidental) of non-compliance with the terms and conditions of the grant agreement. As regards income not declared / not reported this concerns one-off errors where the beneficiary has not declared project related income that should have been reported in accordance with the terms and conditions of the grant agreement.
